

# Unit - Space

Tami Voorhees  
Brenda Kekel  
Holly Keller  
Chris Thompson  
Nannette Neary

- List distance from earth to other planets
- Compare what life would be like on earth to a different planet
- Make a brochure to entice people to come visit a certain planet.
- Compose a diary of their daily activities on their travel to the planet and what they do while they are there.
- Decide what items they need to bring with them to space.
- Justify why or why not living on another planet could be possible.
- Research one planet and give facts about it.
- Funny fact questions - "Where do they go to the bathroom?" "Can they eat soup?" "What happens to waste from Shuttle?"

# Field trip - Wheeling Jesuit - Challenger Center
